

## BJH PGY1 Pharmacy Residency Program Structure

The PGY1 residency includes 7 required rotation learning experiences and numerous electives to choose from. There are 4 required longitudinal learning experiences.

Learning Experience	Duration	Designation	Sequence during residency year
Orientation	4 weeks	Required	July
Internal Medicine 1	5-6 weeks	Required	First half preferred
Critical Care, options include: <ul style="list-style-type: none"> <li>• Cardiac ICU</li> <li>• Cardiothoracic Surgery ICU</li> <li>• Medical ICU</li> <li>• Neurology/Neurosurgery ICU</li> <li>• Surgical ICU</li> </ul>	5-6 weeks	Selective required (1 rotation is Required)	First or second half
Infectious Diseases (General) OR Antimicrobial Stewardship	5-6 weeks	Selective required (1 rotation is Required)	First or second half
Drug Information/Drug Policy Development	2-3 weeks	Required	Second half preferred
Administration	2-3 weeks	Required	Second half preferred
Transitions of Care OR Internal Medicine 2	5-6 weeks	Selective required (1 rotation is Required)	First or second half, if selecting Internal Medicine 2, it will occur only after Internal Medicine 1
Ambulatory Care Emergency Medicine Heart Transplantation Hematologic Malignancies Kidney/Pancreas/Liver Transplantation Lung Transplantation Maternal Fetal Medicine Medical Oncology Pediatrics Perioperative Services Psychiatry	5-6 weeks, per rotation	Electives	Residents will select 4 electives. First half preference given to electives in the resident area of interest for possible PGY2 residency. Residents may select a second selective required rotation as an elective (ex. Medical ICU and Surgical ICU). However, no more than 2 rotations may focus on a specific disease state or population.
Research Project	Longitudinal, 52 weeks, (Residents receive dedicated 1-2 weeks between rotations 4 and 5, plus 10 project days/year, Estimated time commitment 2-4 hours/week*)	Required	See research timeline for details
Resident Education Academy	Longitudinal, 52 weeks (~1 hour/week*)	Required	See REA schedule for details
CLOPS (Code Coverage, Level 2, On-call, Presentations, Staffing, Self-Evaluation)	Longitudinal, 52 weeks (as per the schedule but estimated time commitment: <ul style="list-style-type: none"> <li>• 4-5 code coverage shifts (1 week)/year</li> <li>• Level 2/staffing: 10-12 weekend staffing shifts (16 hours per weekend), 1 holiday (8 hours), and 1 weeknight (4 hours) shift per week</li> <li>• 4-5 on-call shifts (1 week)/year</li> <li>• (2-5 hours/month on presentations/education*)</li> </ul>	Required	Schedules for each element will be distributed during orientation. The following minimum requirements exist for successful completion of the residency: <ul style="list-style-type: none"> <li>• Weeknight staffing shifts: 40</li> <li>• Holiday staffing shift: 1</li> <li>• Weekend staffing (inclusive of level 2): 10</li> <li>• On-call shifts: 4</li> <li>• Code coverage shifts: 4</li> </ul>
Committee, options include: <ul style="list-style-type: none"> <li>• AIP-AUR</li> <li>• Analgesia</li> <li>• Anticoagulation</li> <li>• Diabetes</li> <li>• Oncology</li> </ul>	Longitudinal, 52 weeks (minimum of 1 meeting every other month, 2-4 hours/month*)	Required	N/A

\*Note: These estimates are approximate and may vary based on a number of committee and resident factors; additional time outside of a normal workday maybe required.
